

PERMANENT PAIN RELIEF

Did you know that the first cervical vertebra, the ATLAS that joins your spine to your skull, is mal-rotated in most people?

ATLASPROFILAX is a NEUROMUSCULAR TECHNIQUE that aligns the ATLAS ACCURATELY, SAFELY AND PERMANENTLY WITH ONLY ONE TREATMENT

A misaligned atlas causes restriction of the brainstem, spinal cord, cranial nerves and arteries creating pain, tension and disrupting the free flow of energy. ATLASPROFILAX is holistic in nature, non-chiropractic & releases holding patterns allowing the body to rejuvenate on all levels.
